

Quality Policy Statement

The long-term business success of BEST Group (Best Oilfield Services-Best Overseas-Best Technology) depends on our ability to continually improve the Quality of our services and products while protecting the environment, health and safety of our employees. This commitment is in the best interest of our customers, our employees and contractors.

BEST Group requires the active commitment to Quality from all employees and contractors. Line management has a leadership role in the communication and implementation of, and ensuring compliance with, the Quality policy and with the ISO 9001:2008 standard. I am committed to:

1. Meet customer requirements and enhance customer satisfaction;
2. Comply with applicable laws and regulations where we operate;
3. Protect the environment, the health and safety of our employees, customers and contractors;
4. Eliminate Quality non-conformances and incidents;
5. Continually improve the effectiveness of the quality management system through the establishment of quality performance objectives, measurement of results, as well as assessment and continuous improvement of the process and services;
6. Capitalize and continuously improve the competence, versatility and skills of our employees;

To this effect, I have appointed a Quality Management Representative whose responsibility is mainly to ensure Quality Management System establishment, implementation and maintenance, as well as effective reporting to management on the Quality Management System performance and any need for improvement.
